

FORESTRY FIRST AID - FAA LEVEL 3 AWARD (RQF) - Half day

This qualification has been designed to provide the knowledge and competence for a learner to deal with emergency first aid situations in a forestry/agricultural environment. This qualification is designed to supplement a First Aider's existing First Aid at Work or Emergency First Aid at Work qualification and covers the recommended topics stated in the Forestry Commission First Aid policy 2015. The minimum duration of this training is 2 hours in the classroom, consisting of practical and theoretical activities.

Delegates must hold existing valid First Aid at Work qualification or equivalent qualifications from work (e.g. NHS, Military, Pool Safeguarding).

This course can be delivered in combination with the 1 day Emergency First Aid at Work or 3-day First Aid at Work course, providing the minimum hours and assessment criteria has been achieved.

SYLLABUS

A range of subjects covered are:

- Emergency planning and remote medical assistance
- Catastrophic Bleeding Control
- Crush injuries
- Effects of extreme cold
- Lyme disease
